"The Gardens stand unique in the heart of the city"

\$435,000

Location

Inspired by the urban architecture of the early 20th century, the Gardens creates a wonderful natural blend of form and function as well as form within it's environment - this unique project offers a spectacular melding of man-made and natural worlds. This handsome building employs resonant details such as cast-stone panels, heavy cornices and expansive windows to create a wonderful modern and timeless design!
